One spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away Tell me who that nigga if it ain't me  
If it ain't a party, then it's finna be  
Never had a problem that I couldn't solve  
It must be official, if I get involved  
Quarter pound of fire burnin' daily  
Harder to remember, gettin' harder to remember  
I've been through enough to drive me crazy  
I don't think my mama's gonna save me Maybe I'm not flyin', but I'm floatin'  
If we're not headed to the top, where we goin'?  
Two miles-an-hour, can you picture me rollin'?  
'Cause life is so much better when you live in slow motion  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away  
(Slow motion)  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away Pardon me while I elevate  
May not be on time, but I'm never late  
Blazin' like the player that you wanna be  
Flavor like your baby mama cup of tea  
You see the company I'm keepin' now  
Feelin' like I'm dreamin', I keep feelin' like I'm dreamin'  
Don't come around if you don't be around  
I been the man you believe me now  
Maybe I'm not flyin', but I'm floatin'  
If we're not headed to the top, where we goin'?  
Two miles an hour, can you picture me rollin'?  
'Cause life is so much better when you live in slow motion My one spliff a day'll keep the evil  
away  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away  
(Slow motion)  
My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away

My one spliff a day'll keep the evil away  
My one spliff a day'll keep the evil away
