Robbie Williams

First they ignore you, then laugh at you and hate you Then they fight you, then you win When the truth dies, very bad things happen They're being heartless againI know it's coming There's gonna be violence I've taken as much As I'm willing to takeWhy do you think We should suffer in silence? When a heart is broken There's nothing to breakYou've been mixing with some very heavy faces The boys have done a bit of bird They don't kill their own when they all love their mothers But you're out of your depth son, have a word I know it's coming There's gonna be violence I've taken as much As I'm willing to takeWhy do you think We should suffer in silence? The heart is broken There's nothing to breakAll is wonderful in this life Dreaming of the sun she warms You should see me in the afterlife Picking up the sons of dustWhen you think we're lost, we're exploring What you think is worthless, I'm adoring You don't want the truth, truth is boring I got this fever Need to leave the house, leave the car Leave the bad men where they are Leave a few shells in my gun And stop me staring at the sunI know it's coming There's gonna be violence I've taken as much As I'm willing to takeWhy do you say We should suffer in silence? My heart is broken There's nothing to break I know it's coming There's gonna be violence I've taken as much As I'm willing to take Why do you think We should suffer in silence?
