

# Silver & Gold (Going Deeper Remix)

Ariena Ara

You used to be my brother,  
to be my only friend  
I'm victim by intention,  
relationship should end  
I can never lie, I cannot runaway  
There's nothing to hide,  
nothing to say  
Why can't you see?  
What you meant for me  
I'm lost In insanity  
[REF.:]  
I'm your desire  
I'm fighting for love  
We stay forever  
Like Silver & Gold  
I'm your desire  
Oh mon amour  
And whatsoever,  
I'm running for you  
I'm your desire  
Tell me again  
How much you love me?  
Say it again  
You're my desire  
I'm your desire  
I'm yours.  
Million different people  
searching for true love  
I know you're different  
like you're given from above  
Fire in your eyes, makes me paralyzed  
Boy you have the ticket  
for a stolen paradise  
Uhh, Now I'm ready to belong to you  
let it go[REF.:]  
I'm your desire  
I'm fighting for love  
We stay forever  
Like Silver & Gold  
I'm your desire  
Oh mon amour  
And whatsoever,

I'm running for you  
I'm your desire  
Tell me again  
How much you love me?  
Say it again  
I'm your desire  
I'm your desire  
I'm...I'm your desire  
I'm fighting for love  
Love me forever...  
I'm your desire, I'm your desire  
I'm...  
We stay forever like Silver & Gold
