Leave Me Here

Hem

I should wake up this town My heart's on fire Main road and no one's around As the flames climb higherI have been here before And I know the way But love seemed sweeter and sure In the light of the daySo as I rise, I will reach for the livin' And I'll say no prayer 'Cause tonight he brought me to Heaven And left me here I could tell by his face Those two tired eyes It's been a long night searching for grace Now the sun won't riseNow I have been here before Though I know I am lost 'Cause the same place that filled me with joy Is just a road I crossed, just a road I crossedSo as I rise, I will reach for the livin' And I'll say no prayer 'Cause tonight he brought me to Heaven And left me here So as I rise, I will reach for the livin' And I'll say no prayer 'Cause tonight love feels nothing like Heaven Don't leave me here
