

# You and Islands

## Zac Brown Band

Somethin' like this Can't even count the days since we got away  
Seen our share of ups and downs  
Got so much going on, the whole world's going wrong  
I wish that tide could reach us now And wash away  
All the gray  
If you got the time  
I got the place Let's get back to you and islands  
Bahama breeze blowing through your hair  
Starin' at that blue horizon  
Close my eyes and I'm right back there  
I swear I feel the chair sinkin' in the sand  
Listenin' to the rasta band  
The love we made that last night  
Let's get back to you and islands  
Everything, baby, everything'll be alright  
Last night, I had a dream, we were in quarantine  
And all the oceans turned to dust  
I woke up in a sweat, time hadn't run out yet  
I heard the tide callin' us And wash away  
All the gray  
If you got the will  
I got the way Let's get back to you and islands  
Kempinski and the warm salt air  
Starin' at that blue horizon  
Close my eyes and I'm right back there  
I swear the sun's settin' bolder and  
Made us fall in love again  
I can't forget that last night  
Let's get back to you and islands  
Everything, baby, everything'll be alright  
Come and sit in the sun  
(When the day is done) Let's get back to you and islands  
Hawaii and a hoo-wee-ho  
Starin' at that blue horizon  
There's so many that we still don't know You and islands  
Bahama breeze blowing through your hair  
Starin' at that blue horizon  
Close my eyes and I'm right back there  
I swear I feel the chair sinkin' in the sand  
Listenin' to the rasta band  
The love we made that last night  
Let's get back to you and islands

Everything baby, everything, baby  
Everything'll be alright
