

# In This Shirt

## The Irrepressibles

I am lost  
in our rainbow  
now our rainbow  
has goneOvercast  
by your shadow  
as our worlds move onIn this shirt  
I can be you  
to be near you  
for a whileIn this shirt  
I can be you  
to be near you  
for a while  
There's a crane  
knocking down  
all those things  
that we werelie awake  
in the night  
to hear the engines purrThere's a pain  
it does ripple  
through my frame  
makes me lameThere's a thorn  
in my side  
it's the shame  
it's the pride  
Of you and me  
ever changing  
moving on now  
moving fastAnd his touch  
must be wanted  
must become  
through your askBut I need  
Jake to tell you  
that I love you  
it never restsAnd I've bled  
every day now  
for a year  
for a yearI did send  
you a note  
on the wind  
for to readOur names  
there together  
must have fallen

like a seedTo the depths  
of the soil  
buried deep  
in the ground  
On the wind  
I could hear you  
call my name  
held the sounds  
I am lost  
I am lost  
in our rainbow  
now our rainbow  
has gone  
I am lost  
in our rainbow  
now our rainbow  
has gone  
I am lost
