## **The Scientist**

## Willie Nelson

Come up to meet you, tell you I'm sorry You don't know how lovely you areI had to find you Tell you I need you Tell you I set you apartTell me your secrets And ask me your questions Oh, let's go back to the startRunning in circles Coming up tails Heads on a science apart Nobody said it was easy It's such a shame for us to part Nobody said it was easy No one ever said it would be this hardOh, take me back to the startI was just guessing At numbers and figures Pulling the puzzles apartQuestions of science Science and progress Don't speak as loud as my heartTell me you love me Come back and haunt me Oh, and I rush to the startRunning in circles Chasing tails Coming back as we are Nobody said it was easy Oh, it's such a shame for us to part Nobody said it was easy No one ever said it would be so hardI'm going back to the start Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
