

Better Half of Me

Tom Walker

You'll always be my number one
Hold up more than good enough
Giving everything I've got, taking every second lost
Six years just ain't enough
With you i'm happy being me
Don't pretend 'cause I don't need to
I'm a thousand miles from home
Never on my own with you whispering down the phone
Guess we never saw this coming
Halfway round the world calling
But I just want you to know
That I have all I need
With you standing right in front of me
I'll finally see what it means to be complete
Don't need to spend all my life chasing gold
Any rebel come home
Oh, i have all i need
If you'd be the better half of me I'm still up, it's 4 AM
Is this Amsterdam or Berlin?
I'm just waiting for the day
We finally get to say these words face to face
Guess we never saw this coming
Halfway round the world calling
But I just want you to know
That I have all I need
With you standing right in front of me
I'll finally see what it means to be complete
Don't need to spend all my life chasing gold
Any rebel come home
Oh, i have all i need
If you'd be the better half of me I have all I need
With you standing right in front of me
I'll finally see what it means to be complete
Don't need to spend all my life chasing gold
Any rebel come home
Oh, I have all I need
If you'd be the better half of me If you'd be the better half of me
Yeah, will you be the better half of me?
Will you be the better half of me?
