Ya up for dreamin it's mornin, I'm warnin

A warrant, for the arrest of a militant menace
Who serve heads like tennis with words that diminish
bust the scrimmage, I call the high post play
Dish off to the center fo' da quick lay
Slay, anybody come in my lane
Gets blown out the frame by the Flipster and lames, look
Who is this gettin swift with this pugilist
equipped with the lyrical gift to flip scripts
People duck sick (what?) don't wanna touch with that ruff (shit)
that Ruck kick, break boys bones like Roy Jones
decoys roam, but they can't mess with my people
Hey you stepped to the Ruckus recognize that I be lethal
