

# Don't Cry

Ken Laszlo

This is anything but fair  
Don't say that it's not  
'Cause you get what you want  
And I, well I don't want this situation Don't tell anyone that  
This is  
This  
This is  
What I've found  
I'm surrounded  
Don't tell anyone that  
This is  
This  
This is  
Where I'm found  
I'm so surrounded  
And I, oh I believe  
It's never too late  
To be where I have been  
And I think we  
We are meant to be  
We are meant to I've been here somewhere before  
Covered in frustration  
But still I've lost me somewhere  
And I don't want this situation  
Don't tell anyone that  
This is  
This  
This is  
What I've found  
I'm surrounded  
Don't tell anyone that  
This is  
This  
This is  
Where I'm found  
And I am done
