

# Water Baby (feat. Loyle Carner)

Tom Misch

'Cause I was born a water baby  
Swimming with these times  
The grooves that turn the grey to sunshine  
'Cause I would live through days that break me  
Swimming with these times  
The grooves that turn the grey to sunshine I'm still tryna write the story as I see it  
The trouble is when I say it, they don't believe it  
The reckon I only say it but I don't mean it  
I'm tryna tell 'em I'd only say it if I can feel it  
'Cause money's tight, maybe tighter than it was before  
I'm helping out on the mortgage I really can't afford  
Family breaking north, I cover the trips abroad  
Shakin', I'm making another loss on another tour  
But what I done it for?  
To see my mother in the sun abroad  
I run into trouble, it was coming for  
My little brother got the hunger for  
All the exact same pain  
That makes the rain my stomach pour  
So let me paint it broader  
This for any dude who's got a daughter  
Living off lines that your papa taught her  
Ain't got no time to be coming for you  
Go with the flow of this running water  
Go with the flow of this  
Go with the flow of this  
Go with the flow of this Don't you worry  
Two leaves won't grow the same  
And people might forget your name  
Doesn't matter if they do  
Don't you hurry  
When the hot coffee pours will stain  
And when the Uber left you in the rain  
Your time will come around to you  
Despite the stress of spending so much time alone  
'Cause this ge-o-gra-phy is keeping me at home  
And I don't know the way to go  
I move with the flow of this running water, this running water 'Cause I was born a water baby  
Swimming with these times  
The grooves that turn the grey to sunshine  
'Cause I would live through days that break me  
Swimming with these times

The grooves that turn the grey to sunshine  
Go with the flow of this running water
