Nothing Left (feat. Will Heard)

Kygo

Tell me that you need me To help you find a way Through all of this madness Can I be you're lighter dayPlease won't you believe me? Even if you don't agree! Know that I am tryin' To help us all break freeThere will be nothing left for no one, no There will be nothing left for no one If you don't start living your life Turn to one side, with a blind eye There will be nothing left for no one For no one. I'm saying that I'm sorry, yeah For things I've said and done But I don't want to be here If I'm looking down the gunThere will be nothing left for no one, no There will be nothing left for no one If you don't start living your life Turn to one side, with a blind eye There will be nothing left for no one For no one. Left for no one There will be nothing left for no one For no one. Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
