

# Gang with Me (feat. Vic Mensa)

## Towkio

I said pull up, flex  
Squad got next  
Eyes on us  
You can place your bets  
We goin' straight to the lean  
Molly and the lean  
Lean, lean, lean  
Molly, molly, molly  
Don't get out of body  
Ooo I got gang with me  
I got gang with me  
Got gang with me  
Got gang with me  
I got gang with me  
Got gang with me  
Whole gang with me  
I got squad with me  
Whole gang with me  
Got gang with me  
I said gang with me  
I been outta body  
Tripping off some molly  
Or some DMT  
Seeing things different to the point  
I don't know no more  
Heart, cold, Alaska  
Don't do it, cause I wanna do it  
Cause I have to  
I don't even know how I manage  
Ooo I got Vic with me  
That mean Ye with me  
Mean Jay with me  
Kim K with me  
Beyoncé with me  
Team too strong  
Don't play with me  
I pull up at the party  
Never say sorry  
Y'all know me, MVP  
I said pull up, flex  
Squad got next  
Eyes on us

You can place your bets  
We goin' straight to the lean  
Molly and the lean  
Lean, lean, lean  
Molly, molly, molly  
Don't get out of body  
Ooo I got gang with me  
I got gang with me  
Got gang with me  
Got gang with me  
I got gang with me  
Got gang with me  
Whole gang with me  
I got squad with me  
Whole gang with me  
Got gang with me I got gang with me  
That mean Jay with me  
'Yonce with me  
Just Blaze with me  
Save Money, got Kene with me  
Nigga fuck Spike Lee  
City notorious for niggas getting shot  
It's not a movie scene  
Do it big I got Faith with me, oh  
That mean Puff with me  
Nigga don't get tough with me  
Like Sam Cassell  
It get ugly with me  
She do drugs with me  
MDMA and the moon rock Yeezys  
Cost you a stack but these 950  
Save Money  
She gonna do it for the freebie  
Molly and the lean bitch  
This not Fiji And I'm with gang  
So please be easy  
I do it for my city  
Do it cause they need me  
Sitting here I'm like  
"Feed me, feed me"  
I gotta make sure that everybody eating  
At the plate, it's squad on deck  
By my side like an armrest  
I can't hold them back  
It get out of hand  
You get stole off, Ron Artest  
I don't wanna build with you, no  
I'm trying to fuck hoes  
I need real sisters

Bitch I think I'm Bill Withers, whoa  
Got that lean on me  
Crack a seal with you  
I don't want to chill with you though  
Cause I'm cool and thuggin  
In the same denim  
Ain't shit changed  
But the change in 'em  
Know he brought the gang with him, ayI said pull up, flex  
Squad got next  
Eyes on us  
You can place your bets  
We goin' straight to the lean  
Molly and the lean  
Lean, lean, lean  
Molly, molly, molly  
Don't get out of body  
Ooo I got gang with me  
I got gang with me  
Got gang with me  
Got gang with me
