

# Won't You Come Over

[Devendra Banhart](#)

I used to live alone, but I found you, so certain  
I'm yours to take  
Now I can't wait for all the mistakes  
We've yet to make Now shake it up, baby, twist and shout  
We're war-torn buildings, all bombed out Love, not unlike  
I got drunk, pissin' the night away  
Love, not unlike Won't you come over and love me?  
Won't you come over again?  
Can you overcome the unnerving  
Ossifying body you're in? I used to live alone just counting the pretty little flowers on my dress  
I can't wait to consecrate this wondrous mess  
Words unforgotten 'til we sing again  
Start at the bottom, and then we descend Love, not unlike  
Little joy in/around no more  
Love, not unlike  
I am woman, hear me roar  
Love, not unlike  
Larry Lemon, sanctified  
Love, not unlike Won't you come over and love me?  
Won't you come over again?  
Help me overcome the unnerving  
Ossifying body I'm in I ask all the time  
But you never tell me  
What have I got to do, to make that man want me?  
What have I got to do (Lovin you is makin it easy)  
To make that man love me (Lovin you is makin it up)  
What have I got to do (Lovin you is makin it easy)  
To make that man want me? (Lovin you is makin it up)  
What have I got to do (Lovin you is makin it easy)  
To make that man love me (Lovin you is makin it up)  
What have I got to do?
