## Won't You Come Over

## **Devendra Banhart**

I used to live alone, but I found you, so certain I'm yours to take

Now I can't wait for all the mistakes

We've yet to makeNow shake it up, baby, twist and shout

We're war-torn buildings, all bombed outLove, not unlike

I got drunk, pissin' the night away

Love, not unlikeWon't you come over and love me?

Won't you come over again?

Can you overcome the unnerving

Ossifying body you're in? I used to live alone just counting the pretty little flowers on my dress

I can't wait to consecrate this wondrous mess

Words unforgotten 'til we sing again

Start at the bottom, and then we descendLove, not unlike

Little joy in/around no more

Love, not unlike

I am woman, hear me roar

Love, not unlike

Larry Lemon, sanctified

Love, not unlikeWon't you come over and love me?

Won't you come over again?

Help me overcome the unnerving

Ossifying body I'm inI ask all the time

But you never tell me

What have I got to do, to make that man want me?

What have I got to do (Lovin you is makin it easy)

To make that man love me (Lovin you is makin it up)

What have I got to do (Lovin you is makin it easy)

To make that man want me? (Lovin you is makin it up)

What have I got to do (Lovin you is makin it easy)

To make that man love me (Lovin you is makin it up)

What have I got to do?
