

Until One Day

J Boog

So so so incredible
Well how we planned life out.
You have my heart, girl I have yours.
No room for complication just my appreciation for you.
And girl I love the way your body fits mines.
Just a daily dose of your love I need the most.
I need your lo-lov-love, lo-lov-love.
Until one day
(You will start to realize you'll always forever be mine)
Until one day
(For all time)
Until one day, one day
(You will start to realize you'll always forever be mine)
Until one day
(For all time)
What what is all of this nonsense that just in came out the blue?
Feelings far away from each other.
You blame me I blame you.
Oh, we don't listen to every word we say.
That's why we always brake up to make up now babii
No no no more, no no no more, no
Don't need no more pain in our lives.
No no no more, no no no more
I need your lo-lov-love, lo-lov-love
Until one day
(You will start to realize you'll always forever be mine)
Until one day
(For all time)
Until one day, one day
(You will start to realize you'll always forever be mine)
Until one
(For all time)
Look in the door.
You know we had some tough times before.
But there is nothing that this love can not cure.
We've got wisdom, and trials and tribulations.
Have to step up face to face when you wanna say some
See, I know you like no body else from right and forward.
My one and only, mine-o my my superstar.
Girl just put your trust in me
You will forever be my baby
Until one day

(You will start to realize you'll always forever be mine)
Until one day
(For all time)
Until one day, one day
(You will start to realize you'll always forever be mine)
Until one
(For all time)
Until one day
(You will start to realize you'll always forever be mine)
Until one day
(For all time)
Until one day, one day
(You will start to realize you'll always forever be mine)
Until one
(For all time)
