Me , I try to leave the best for later
But Pusha tried to put me on the respirator
The old Skateboard P, that's your favorite
Me and twenty girls doin' yoga naked
Frequency high, like a spaceship

She say that she like it and she's been exposed The Gandalf hat and the weird ass clothes That's Comme des Garçons and the Buffalo I know guerrillas with the triggers that's on a banana clip

And packin' with the biggest missiles These niggas is knocking over vehicles These niggas ain't waitin' just to see niggas
These niggas ain't tryna hear plea niggas These niggas like choppin' down trees, niggas These niggas 1-2-3 and they squeeze, niggas These niggas hit the weed then they lean niggas, gee, nigga

If you got two hoes, you need to let one go
Two Lambos, you need to let one go All these drones while y'all smoke dro There's an eye in the sky, I'm tryna let y'all know

Ain't no standards, I'ma set one though
Big ass bag but no man sandals All that war, we need to let that go That boom business, I'ma get that ho Young nigga move that dope Young nigga move that dope
Aye move that dope, aye move that dope Young nigga move that dope
Young nigga, young nigga move that dope Young nigga move that dope

Young nigga move that dope
Aye move that dope, aye move that dope
Young nigga move that dope

Young nigga got that coke, whip that dope like a bad child
How you think about that coupe, with no roof? Young nigga cashed out
Popped so many Percs, popped so many Zans, young nigga 'bout to pass out
12 jump behind me, I got some in the car, young nigga 'bout to smas h out
Migo hit that line, say he got some bricks, young fresh, 'bout to buy ' em out
QuikTrip 'round the corner, dropped a nine
Got the J's in the lunch line smokin' iron
Cocaine, cocaine cowboy, like Mickey Munday
Take over the project, whip a line, me no wait
I keep a 45 in my coat, while I'm servin' dope

The J's in my hood smoke that crack, say it give 'em hope Serve a nigga whole brick, he hopin' that it come and go Young nigga tricked up, now he spendin' that money with Casino!

Young nigga move that dope

Aye move that dope, aye move that dope
