

# Back Of My Mind

## Two Feet

I keep on runnin' from my own life  
Because I'd rather not fight  
It chases me soon as it's daylight  
And well through the night, yeah But I can never stop  
Wastin' all my time with you  
No, I can never stop  
Wastin' all my time with you I feel over when I don't see you  
Stay in the back of my, back of my mind  
I feel over when I don't see you  
Stay in the back of my, back of my mind Na-na, na-na  
Stay in the back of my, back of my mind  
Na-na, na-na  
Stay in the back of my, back of my mind  
I'm tryin' to help myself feel okay  
I know I won't be today  
All of these thoughts will never go away  
I guess I shouldn't complain, yeah But I can never stop  
Wastin' all my time with you  
No, I can never stop  
Wastin' all my time with you I feel over when I don't see you  
Stay in the back of my, back of my mind  
I feel over when I don't see you  
Stay in the back of my, back of my mind Na-na, na-na  
Stay in the back of my, back of my mind  
Na-na, na-na  
Stay in the back of my, back of my mind  
I feel over when I don't see you  
Stay in the back of my, back of my mind  
I feel over when I don't see you  
Stay in the back of my, back of my mind Na-na, na-na  
Stay in the back of my, back of my mind  
Na-na, na-na  
Stay in the back of my, back of my mind
