

# Take Me Somewhere Nice

## Mogwai

Ghosts in the photograph  
never lie'd to me. I'd be all of that  
I'd be all of that. A false memory  
would be everything.  
A denial my eliminent. What was that for?  
What was that for? What would you do  
if you saw spaceships  
over Glasgow?  
Would you fear them?  
Every aircraft  
every camera  
is a wish that  
wasn't granted.  
What was that for?  
What was that for?  
Try to be bad.  
Try to be bad.
