

Shoot Love

Maroon 5

You gotta let it go
Cause we're losing grip now
It's about to go down
Would you let me talk to you
You gotta let me know
Cause I'm on the edge now
Of a nerve-breakdown
Cause I can't get through to you I got my hands up spinning
Got my hands up spinning
Don't shoot love baby
Don't shoot love
Don't shoot love baby
Don't shoot
When you get that feeling
When you get that feeling
Don't shoot love baby
Don't shoot love
Don't shoot love baby
Don't shoot
You never let me go
Got me chained to your touch
Like a slave for you love
I'm ashamed to say it's true
Afraid to let you go
Cause without you I'm lost
And not matter the cost
I'm standing next to you I got my head just spinning
Got my head up spinning
Don't shoot love baby
Don't shoot love
Don't shoot love baby
Don't shoot
When you get that feeling
When you get that feeling
Don't shoot love baby
Don't shoot love
Don't shoot love baby
Don't shoot
My back's against the world tonight
So go ahead pull the trigger
Shoot the lights out
So go ahead pull the trigger

Shoot the lights out
I see the fear that's in your eyes
So go ahead pull the trigger
Shoot the lights out
Go ahead pull the trigger
Shoot I got my hands up spinning
Got my hands up spinning
Don't shoot love baby
Don't shoot love
Don't shoot love baby
Don't shoot
When you get that feeling
When you get that feeling
Don't shoot love baby
Don't shoot love
Don't shoot love baby
Don't shoot
