

# Switch!

Jazmine Sullivan

Hey I met him at the book store  
He said he'd like to get to know me  
Just a little more, asked me to dinner  
I said, "I'd bring my girlfriend"  
He said, "That's cool" 'Cause he was gonna bring  
His best friend but something happened  
That I wasn't expecting his best friend  
All night has my attention Know it was wrong, I couldn't help it  
And I don't care, I'm bein' selfish  
Know what I want  
And I want your best friend  
Ain't gonna front, uh, uh  
I want your best friend, hey boy  
I think I like your best friend, would you mind  
If I dinned with your best friend, switch And you can take my girlfriend  
I hardly know you, so there is no attachments  
You take my chair, I'll sit right there  
Well, see how that feels And don't be mean  
And make a scene, it ain't a big deal  
'Cause somethin' happened  
That I wasn't expecting his best friend  
All night had my attention Know it was wrong, I couldn't help it  
And I don't care, I'm bein' selfish  
Know what I want  
And I want your best friend  
Ain't gonna front, uh, uh  
I want your best friend, hey boy  
I think I like your best friend, would you mind  
If I dinned with your best friend, switch See baby, it really ain't a big deal  
(Switch)  
I mean, you a nice guy and all but  
(Switch) If I met him when I met you  
(Switch)  
He probably would've got the phone call Don't make no sense to leave  
With the wrong guy when your best friend  
Could be the love of my life Know it was wrong, I couldn't help it  
And I don't care, I'm bein' selfish  
Know what I want  
And I want your best friend Ain't gonna front, uh uh  
I want your best friend, hey boy  
I think I like your best friend, would you mind  
If I dinned with your best friend, switch? Somethin' happened unexpected

She didn't think that this would happen  
She liked this guy, had a connectionIt's just with her dates best friend  
Ha, ha, ha, ha  
Who would've guessed it that she'd suggest  
That they should just switchSwitch, switch, switch, switch, hey boy  
I think I like your best friend, would you mind  
If I dinned with your best friend, switch?
