

# Is She Coming Up

Pete.

I saw you in a sea of red  
I know just what it did to your head  
How sweet the sound she makes  
How sweet the sound she makes  
Is she coming up  
Is she coming up she raises me  
Is she coming up  
Is she coming up she raises me  
I know this boy it's so true  
I know just what he meant to you  
How sweet the sound she makes  
How sweet the sound she makes  
Is she coming up  
Is she coming up she raises me  
Is she coming up around to me  
Is she coming up is she coming up  
She raises me, I'll spit my soul out  
How sweet the sound she makes  
How sweet the sound she makes  
Is she coming up she raises me  
Is she coming up around to me  
Is she coming up is she coming up  
Is she coming up she raises me  
I'll spit my soul out  
Is she coming up  
I'll spit my soul out
