

# Good Girl (feat. Poo Bear)

Yelawolf

[intro: yelawolf]

this ain't for the good girls gone bad  
this one's for the bad girls tryna go good[hook: poo bear]  
how can someone like me so bad just touch a good girl  
touch a good girl, you're a good girl  
and i know that i don't treat you like i should girl  
like i could girl, like my good girl[verse 1: yelawolf]  
here i go again, on my shit again  
walking through the mall, acting like a prick again  
you had a halter top, i had my famous socks  
you came to shop, i came to (?) hop  
you had your girl with you, both looking great  
i wanted both of y'all, how 'bout a double take  
she was hating, looking at me like a scumbag  
but something made you wanna turn around and come back  
probably cause i just don't give a fuck  
i just wanna see one of these hookas in my trunk  
so tell your girlfriend "tough luck"  
she just wanna see you with somebody dressed up  
well, i really ain't into that type of shit  
i'm into tattoos, drink until 6  
fuck until 9, sleep until 12  
and going back to my homies with a story to tell

[hook]

[verse 2: yelawolf]

this shit should've been finished  
i'm as surprised as you are that you still let me in it  
but you continue to text message me  
right after saying that we should move separately  
but you don't wanna see me go  
even though i've only given you dick and cold cereal  
so you must have a thing for lucky charms  
or the bad girl in you just fell in my lucky arms  
you love to cuss me out and call me crazy  
say i'm no good and all of your friends hate me  
then you show up to my room and damn near rape me  
and then it goes from "fuck you" to "fuck me baby"  
you leave early so nobody sees you out the spot  
now you stuck between a hard place and a rock  
you call me a player but i have lied to you not  
cause i'm not a player, i just crush a lot

[hook][verse 3: yelawolf]

i'm in jail again, on my johnny cash  
some dude was talking shit, i had to whoop his ass  
called you in the morning and you just fucking laughed  
you think this cute, you love my crazy ass  
and i wonder if you'll ever leave my side  
cause the more that i ignore you, the more you wanna ride  
i tell you that i'm bad but you never ask why  
cause you just want the good from a really bad guy  
you wanna rock, let's rock and roll, just know  
i'm only good at one thing and that's not control  
but i am consistent, that's something to be proud of  
cause i ain't shit with you and i ain't shit without you[hook][outro: yelawolf]  
to all the bad girls, trying to go good  
no such thing as a good girl gone bad  
just a bunch of bad girls tryna go good  
holler at me, mane  
hello, my name is yelawolf  
i'm a sex addict, it's a disease  
there's medication for it and everything  
i take pills
