

Soledad

Mano Negra

Nobody's coming through my way
I'm drowning in the crowd with nothin to say
 Waitin' for a better day
This is another beautiful Sunday It's always the same old show
 When trouble is comin by the door
 Love jumpo through the window
Here I am alone whith nowhere to go Soledad [no quiero no!] Stinkin' with your heavy perfume
 The kind I will never loose
 Whistlin your favourite tune
Called the Black Widow Blues Soledad . . .
 Stinkin with your heavy perfume
 Whistlin your favourite tune
 "Soledad lo que a mi me va
 Soledad a mi me da la vida"
