

Are You Lost in the World Like Me?

Moby & The Void Pacific Choir

Look hard the city is gone
Black days and a dying sun
Dream a dream of dark lit air
Just for a minute you'll find me there
So look harder and you'll find
Forty ways it leaves us blind
I need a better place to burn beside the lines Come on and let me try
Are you lost in the world like me?
And the systems have failed are you free?
All the things are lost can you see?
Are you lost in the world like me?
Like me
So (???) in the city it's dawn
Dropping knives and a dying sun
Salted love in the dark lit air
Just for a minute I'll find you there
So look harder and you'll find
The forty ways it leaves us blind
I need a better way to burn beside the lines Come on and let me try Are you lost in the world like
me?
And the systems have failed are you free?
All the things are lost can you see?
Are you lost in the world like me?
Like me Are you lost in the world like me?
And the systems have failed are you free?
All the things are lost can you see?
Are you lost in the world like me?
Like me
(And the systems have failed)
(And the systems have failed)
(And the systems have failed)
(And the systems have failed)
(And the systems have failed)
