

# The Day Before the Day

Dido

Speeches won't be made today  
Clocks will carry on  
Flowers won't be left in parks  
Work will still be done  
People won't be dressed in black  
Babies will be born  
No flags will fly, the sun will rise  
But we will know that you are gone  
You who love to love and believed we can never give  
enough  
It wakes me every single night  
Thinking through the day  
Did you stop at any time  
Have doubts at any stage  
Were you calm or were you numb  
Or happy just to get it done  
I've lived my life without regret  
Until today  
And you who love to love and believed we can never give enough  
I didn't get to say  
goodbye  
The day before the day  
Was trying to get to work on time  
That's why I turned away  
And missed the most important thing  
You ever tried to say  
I've lived my life without regret  
Until today  
And you who love to love and believed we can never give enough  
And you who hoped that underneath  
We all felt the same  
That was until the day before the day  
The day before the day  
The day before the day  
The day before the day  
The day before the day  
The day before the day  
The day before the day  
The day before the day
