

Scribble

Underworld

And it's okay
And it's okay
And it's okay
And it's okay And it's okay
You give me everything I need
And it's okay
You give me everything I need Whispers
Elevators
Bad boy
Drive New York girl
Bang
Weird thing
Huge
Amazing
Download
Something
Paradise And it's okay
You give me everything I need
And it's okay
You give me everything I need I got your picture on
Whispers, bad boy
Elevator, agitator
New York girl, corkscrew hair Bang, now
Wanna be, wanna be stars
Through these joyous times
And it's okay
You give me everything I need
And it's okay
You give me everything I need
