

# Johnny Hit and Run Paulene

X

He bought a sterilized hypo  
To shoot a sex machine drug  
He got 24 hours  
To shoot all paulenes between the legs  
He'll throw 96 tears thru 24 hours  
Sexed once every hour Johnny hit and run paulene [x4] L.a. bus doors open  
Kicking both doors open  
When it rested on 6th street  
That's when he drug a girl inside  
He was spreading her legs and didn't understand dying  
She was still awake  
Johnny hit and run paulene [x4]  
When he was waking  
Up beside the bed  
He found clumps of hair  
The last paulene wouldn't cooperate  
She wasn't what you'd call living really  
But she was still awake Johnny hit and run paulene [x4]
