

# Rescue Me

## Marshmello & A Day to Remember

Never been saved, but I've never come closer  
Another year down and another year older  
A million fresh starts, what I needed, it was closure, yeah I lost who I was, but I found my  
composure, yeah When I found you, I found me  
Nothing around, far as I could see  
You were the current that carried me  
When I found you, I found me  
Lines in the sand, only you can read  
My S.O.S., yeah, you rescued me  
Rescue me When I found you, I found me  
Lines in the sand, only you can read  
My S.O.S., yeah, you rescued me  
Call it high-strung, started upping my dosage  
We're way too young, to be feeling this hopeless  
You're my light in this endless ocean, yeah  
Feeling alive, even just for this moment, yeah When I found you, I found me  
Nothing around, far as I could see  
You were the current that carried me  
When I found you, I found me  
Lines in the sand, only you can read  
My S.O.S., yeah, you rescued me  
Rescue me When I found you, I found me  
Lines in the sand, only you can read  
My S.O.S., yeah, you rescued me You got my S.O.S. (S.O.S.)  
You got my S.O.S. (S.O.S.)  
When I found you, I found me  
Nothing around, far as I could see  
You were the current that carried me  
When I found you, I found me  
Lines in the sand, only you can read  
My S.O.S., yeah, you rescued me  
Rescue me When I found you, I found me  
Lines in the sand, only you can read  
My S.O.S., yeah, you rescued me  
Rescue me
