## EXID

Come On Come On Come On  
(Come On Ladies)  
Comeback To Me Back To Me Back Boy  
(Come On Ladies)  
Comeback To Me Back To Me Back Boy I'm still standing in front of you  
But I can feel that you want to avoid me  
I Can Feel About Ur Feeling  
I hate you for this, Can't You Feel It?  
What's the rush? No No No  
I can't even talk to you, No No No  
You're making it so that I can't even try to hold onto you  
So unfair, seriously, why are you so mean? Woo, even if you don't say it, I can feel it  
Don't be like that, just hold me  
Don't say you wanna stop here  
But look at me again my baby  
Baby Just Stop Baby Just Stop Are you sick of me now? Do you just not like me?  
Are you so excited to tell me that it's over? Not today but tomorrow, tomorrow, tomorrow OR  
Just one more day, babe babe babe OR ORI don't like it when you make that kind of face  
No matter how much I think about it, this isn't right  
I can't accept this Even if it's now, let's rewind  
I won't ask you to be responsible anymore  
Even if we can't get back together like broken glass  
I'll try sticking us together, let's get it Woo, don't say that  
Just tell me it was a joke  
Don't say you wanna stop here  
But look at me again my baby  
Baby Just Stop Baby Just Stop Are you sick of me now? Do you just not like me?  
Are you so excited to tell me that it's over? Not today but tomorrow, tomorrow, tomorrow OR  
Just one more day, babe babe babe OR ORI if tomorrow passes like this  
Each day will be hard  
Don't do anything  
Even if time keeps ticking  
To me, you are ma ba babe Baby Let's Get It Boy Don't Fake It  
Dum Muh Dum Muh Dum  
Dum Muh Dum Muh Dum Baby Let's Get It Boy Don't Fake It  
Dum Muh Dum Muh Dum  
Dum Muh Dum Muh Dum Dum Dum (Come On Ladies)  
Dum Muh Dum Muh Dum  
Dum Muh Dum Muh Dum (Come On Ladies)  
Dum Muh Dum Muh Dum  
Dum Muh Dum Muh Dum Dum Dum Are you sick of me now? Do you just not like me?  
Are you so excited to tell me that it's over? Not today but tomorrow, tomorrow, tomorrow OR

Just one more day, babe babe babe OR OR
