

Unfair

6LACK

All my mistakes don't make me less of a man
But lately it feel like them shits really can
I'm praying I don't wake up all alone
It's hard to say it, so I write a song
But that ain't equal to me, righting wrongs
Stuck between a rock and a hard place
And I'ma had to figure is that a hard way
We may not even done our best terms
Maybe we should love or we should learn I don't wanna fight and be at war
But you, but you
Gotta want the same things
I don't wanna fight and be at war, no, no
But you, but you
Gotta want the same things
So if you ever fall
You know that I'll be there
I know how to put my ego aside, yeah
Correct me if I'm wrong
You said you never wanna share
But now I'm stuck between
What I love and who I love
I know it's unfair
