

New York City

Lenny Kravitz

Broadway lights in taxi cabs
Everybody is moving fast
Uptown Downtown
What's your fame
She can take what you can bring She gave me a light
came up to the inner city
She raise me up
and taught me to fight
Yeah She opens my mind
I got to the late great day
The greatest town that you'll ever find She's my heart
I love New York City
She's leaving down so many time
Yeah
Life is always tough
On New York City
Oh lord
But she's fine, she always survives
Yeah She's the queen
and stands her ground
Nobody can take her down
Good time, bad time she can swine
ended any but a vibe She's a rock
as.....
And no one can take her freedom away
can take her freedom I love her style
whatever she's clean or dirty
She's the greatest town that you'll ever find
She's my heart
I love New York City
She's leaving down so many time
Yeah Life is always tough
on New York City
Oh lord
but she's fine, she always survives
Yeah You know she's my heart
I really love New York City
She's lived and died so many times You know life can be real tough
on my real city
but she's fine, she always survives
Yeah She's my heart
I love New York City

She's leaving down so many time
YeahLife is always tough
on New York City
Oh lord
but she's fine, she always survives
Oh yeahShe's my heart
I love New York City
She's leaving down so many time
YeahLife is always tough
on New York City
Oh lord
but she's fine, she always survives
Oh yeahLet's sing for New York CityOh New York CityNew York City
New York
New York
New YorkNew York CityHey New York City
New York
New York
New YorkLet's sing for New York City
