

# Never Been In Love (BASECAMP Remix)

## Elliphant

Summer's cold and, I am broke man  
And my bills don't wait  
Mommy's angry, club is all dead  
I'm born too late  
Vicious city, try to break me  
But I walk right through  
I couldn't kill this, none of my feelings  
On my way to you Out there now is full of confusion and madness but  
I don't care, no I don't care  
Been here the, man na the radio keep crying but  
I don't care, no I don't care Politicians keep lying, we keep on dying  
There is always a war  
Pollution keep pumping, people keep jumping  
But I never been in love before  
Population keep growing, cops keep on blowing  
And we always want more Hearts keep on breaking, souls keep on aching  
But I never been in love before Santa's drunk and, drugs don't work man All my nails just break  
My flat is nasty, and dad is happy  
But I know he fake Out there now is full of confusion and madness but  
I don't care, no I don't care  
Been here the, man na the radio keep crying but  
I don't care, no I don't care  
Politicians keep lying, we keep on dying  
There is always a war  
Pollution keep pumping, people keep jumping  
But I never been in love before  
Population keep growing, cops keep on blowing  
And we always want more  
Hearts keep on breaking, souls keep on aching  
But I never been in love before  
So this is big news could change the world  
We will always suffer and this pain won't last forever  
Fire lick our back we better celebrate now  
Don't know how you feel but we better hit it up  
So this is big news could change the world  
We will always suffer and this pain won't last forever  
Fire lick our back we better celebrate now  
Don't know how you feel but we better hit it up  
Politicians keep lying, we keep on dying  
There is always a war  
Pollution keep pumping, people keep jumping  
But I never been in love before

Politicians keep lying, we keep on dying  
There is always a war  
Pollution keep pumping, people keep jumping  
But I never been in love before  
Population keep growing, cops keep on blowing  
And we always want more  
Hearts keep on breaking, souls keep on aching  
But I never been in love before
