

Black Money

Culture Club

Do you deal in black money?
Do you deal in black money?
Do you deal in black money?
Do you deal in black money?
Do you deal in? Yeah!
Do you deal in? Oh yeah! Fortunes find you cross
out every motion
standing right behind
a shadow of devotion
somebody else and acute
is life cannot be mine
But when you
love someone
and they don't and acute
I love you in return When you love someone
you got money to burn Do you deal in black money?
Do you deal in black money?
Do you deal in black money?
Do you deal in black money?
Do you deal in? Yeah!
Do you deal in? Oh woh! I believe that nothing
could come between us
magic potions won and acute
you save them for dreamers
somebody else and acute
is life cannot be mine
But when you love someone
and they don't and acute
I love you in return
when you love someone
you got money to burn Do you deal in black money?
Do you deal in black money?
Do you deal in black money?
Do you deal in black money?
Do you deal in? Yeah!
Do you deal in? Oh oh yeah! Give me some love but
don't acute
't waste my time
(Oh black money yeah!)
I and acute
I love you again
but you must be mine

(Oh oh oh black money yeah!)Give me some love but
don't acute
't waste my time
(Oh black money yeah!)But when you love someone
and they don't acute
I love you in return
