

I'm Gonna Find Out Where He's At

BRONCHO

I'm gonna find out where he's at,
I'm gonna find out where he's at Mom's got boyfriend, boyfriend, boyfriend
Girlfriend's got a boyfriend too
I can see your love and I guess he got a lot
But you know I got a run on you I'm gonna find out where he's at
I'm gonna find out where he's at I'm gonna find out where he's at
I'm gonna find out where he's at
Mom's got boyfriend
Her boyfriend I know I got a lot on you
Making them guess what I never talk
Because what we can do I'm gonna find out where he's at
I'm gonna find out where he's at I'm gonna find out where he's at
I'm gonna find out where he's at But I gotta come??? find the way
Sit on you, and stop
I feel it coming in and out I'm gonna find out where he's at
I'm gonna find out where he's at I'm gonna find out where he's at
I'm gonna find out where he's at Feel find to find out for you
I feel it coming in and out
I'm gonna find out where he's at
I'm gonna find out where he's at I'm gonna find out where he's at
I'm gonna find out where he's at
