

# If God Spoke

Chloe x Halle

I remember when you said to me, Oh  
There's a fountain filled with golden rings  
Make a wish any day, You'll be praising my name  
Make a wish any day Oh you pray to me  
Won't you write your song and sing along?

Ah, ah

There's a way to...

There's a way to...

There's a way to..

I remember when you yelled at me, Oh  
Cursed my name and then you stomped your feet, Oh

It will come any day

Just be patient and wait

You are my baby

What I plan for you will be crazy

Few more minutes be patient

Make a wish anyway

Oh, Oh, Oh

There's a way to...

Wait now, I, only wait on me babe, only wait on me baby  
(Wait, Wait)

Only wait on me babe, only wait on me

Wait now, I, only wait on me babe, only wait on me baby  
(Wait, Wait)

Only wait on me babe, only wait on me

Wait now, I, only wait on me babe, only wait on me baby  
(Wait, Wait)

Only wait on me babe, only wait on me baby
