

Not That Kinda Girl (feat. Missy Elliott)

Fifth Harmony

You pull up in the car, so what, it's a Benz
Telling me you got money to spend
You wanna spend it on me
Baby, please
You show up in the club, so what, you got bottles
Tryna talk shit like I'm gonna follow
Really? Really? I don't even know you
I don't know you like that at all
I don't even know you, no
If you keep on staring
I'mma show you what it's like to fall
I think we got a problem
Why you looking like I'm that kinda girl?
Just cause I'm hot don't mean that I'm that girl
If you want me, don't treat me like I'm her
Don't get fucked up, I'm not that kinda girl Boy, I wanna like you
But it's better if you just don't speak
Ooh, shut up
Yeah, tryna tell you, but you don't get it
You wanna touch it, you'll regret it
You'll see, try me I know what you're thinking
Wanna find out what my body's for, baby
I don't think you're ready, baby
Show me you got something more
Show me that there, oh, yeah
Why you looking like I'm that kinda girl?
Just cause I'm hot don't mean that I'm that girl
If you want me, don't treat me like I'm her
Don't get fucked up, I'm not that kinda girl
Why you looking like I'm that kinda girl?
Just cause I'm hot don't mean that I'm that girl
If you want me, don't treat me like I'm her
Don't get fucked up, I'm not that kinda girl See, I'm not the kinda girl you can freak on the first
date
I'm straight, that's right, I'll make ya wait
I look good, look great
Want my cake while he all up in my face
Mhm, he tryna get a taste
What you think, I'm a thot? Forget that
Boy, you been around the block? I ain't with that
If you wanna smash, why you talk trash?
Boy, you got it bad, you gets no ass

Boys, de boys, dey love me
Tell 'em ain't no freak, don't try to wife me
Tell 'em they no find no girl like me
Not the kinda girl give up mi panty Why you looking like I'm that kinda girl?
Just cause I'm hot don't mean that I'm that girl
If you want me, don't treat me like I'm her
Don't get fucked up, I'm not that kinda girl
Why you looking like I'm that kinda girl?
Just cause I'm hot don't mean that I'm that girl
If you want me, don't treat me like I'm her
Don't get fucked up, I'm not that kinda girl
