

Your Heart (feat. Joe Gil)

Dirty South

What is running your mind
Take your fallow
Feel the sings of your lifeBut your heart is who you are
Your heart is all you are tonightLife lost in time
But the key that make your eyes that make you see the lie
The key is your heartYour heart is who you are
Your heart is all you are tonightLife can be fear the lies
Do you feel the love
Do you feel the love in your heart
Your heart
Your heart
Your heart
Can you feel the love
Your heart
Your heart
Can you feel the love
Your heart
Your heart
Can you feel the love
Your heart
Your heart
Can you feel the love
