

# Holiday

## Little Mix

Boy, have I told ya?  
I swear, you put the sun up in my sky  
When it's cold, you pull me closer  
So hot, it's like the middle of July (July) Wanna have a little taste? So, let me lay you down  
(Lay you)  
Nothing better than your skin on mine (Skin on mine)  
And I been looking for the feeling, looking all my life  
Boy, you give it to me every time Can we make it all night?  
We don't stop all up on my body babbe, ooh  
Touch me like a summer night, you feel like a holiday, ooh-ooh  
Up all night, we don't stop feel up on my body, babbe  
We're just dancing the night away  
Boy, you feel like a holiday  
So, I'mma let go  
No one else in the world could ever come close to you, baby (Uh-uh)  
Close to you, baby (Uh-uh)  
We're taking it slow  
Whenever, wherever, we're lasting forever my baby (Uh-uh)  
And you're turning me on (Uh, uh-uh) Boy, have I told ya?
