

# Song for Myself

Harry Chapin

It's a song to myself  
It's a song to myself  
You don't have to listen babe  
It's just a song for myself But since I fell in love with you  
It brought some thoughts to mind  
If we're gonna raise us a couple of kids  
I've got to worry 'bout the future time Do I believe that the answer is still blowing in the wind?  
Do I believe that there are good times rolling babe, just around the bend?  
Do I believe that with a little more love now all our troubles end? Here I am trying to believe in  
myself  
And be a little good, be a little good  
Be a little good to my friends  
It's just a thought that was in my mind  
It's just a thought that's in my mind  
You don't have to think it babe  
It's just a thought that was in my mind But no one's wrote a protest song  
Since nineteen sixty three  
Are we all gonna listen to the moldy gold?  
And say, "Just let it be" Do I believe that the answer is still blowing in the wind?  
Do I believe that with a little more love now all our troubles end?  
Do I believe that there are good times rolling babe, just around the bend? Here I am trying to  
believe in myself  
Be a little good, be a little good  
Be a little good to my friends Be a little good, be a little good  
Be a little good, be a little good  
Be a little good to my friends now  
Be a little good  
Be a little good to my friends now It's a song for myself  
It's just a song for myself  
You don't have to listen babe  
It's just a song for myself It seems my generation  
Should have somethin' more to say  
Are we all gonna sit here with a stoned out smile  
And simply watch the world go 'way? Do I believe that the answer is still blowing in the wind?  
Do I believe that with a little more love now all our troubles end?  
Do I believe that there are good times rolling babe, just around the bend? Here I am trying to  
believe in myself  
And be a little good, be a little good  
Be a little good to my friends It's just a song for myself Do I believe that the answer is still  
blowing in the wind?  
Do I believe that with a little more love now all our troubles end?

Do I believe that there are good times rolling babe, just around the bend?
