

Hush Hush

Asher Monroe

She looking like an angel
But oh the way she gives me hell
She got me wrapped around her finger
I'm falling underneath her spell But my girl (hush hush)
This is how (hush hush)
It's supposed (hush hush)
To be (hush hush)
Keep it low (hush hush)
They don't know (hush hush)
About you (hush hush) and me You're my dirty little secret
How I just want you for myself
My dirty little secret
There ain't no need for kiss and tell
You know just when to move fast, move fast
I love it when you move slow, move slow
Come on baby hold on, hold on
Cause I'mma never let go, let go
Let's keep it on the hush hush, hush hush
Let's keep it on the hush hush, hush hush Whisper to me baby
What's your hidden fantasy
Tonight we can unlock it
You know I'm coming with the key, yeah You say when (hush hush)
I say where (hush hush)
That's the way (hush hush)
We do (hush hush)
Keep it hush (hush hush)
On the low (hush hush)
It's just me (hush hush) and you
You're my dirty little secret
How I just want you for myself
My dirty little secret
There ain't no need for kiss and tell You know just when to move fast, move fast
I love it when you move slow, move slow
Come on baby hold on, hold on
Cause I'mma never let go, let go
Let's keep it on the hush hush, hush hush
Let's keep it on the hush hush, hush hush Don't say that you love me
I can see it in your eyes
I can feel it in your heartbeat
Cause all I want, all I want
It's you, my one desire
It's you, I want tonight You're my dirty little secret

How I just want you for myself
My dirty little secret
There ain't no need for kiss and tell
You know just when to move fast, move fast
I love it when you move slow, move slow
Come on baby hold on, hold on
Cause I'mma never let go, let go
Let's keep it on the hush hush, hush hush
Let's keep it on the hush hush, hush hush
Let's keep it on the hush hush, hush hush
Oh oh oh
