

Strange

LP

Hey, anyone can get love, anyone can get laid
You know you're home when you find the ones who
Stay brave enough not to tame, they let you burst into flames
Stoke the coals and then watch you blow, yeah They're the ones make you trust in the universe
When you're lost and you're left and it's getting worse
They're the ones who you know will get you by We are all strange
And it ain't never, never, ever gonna change
We are all strange
And it ain't never, ever, never gonna change Ah, oh, la, la, la, la, la, yeah, yeah
Ah, oh, la, la, la, la, la, yeah, yeah
Ah, oh, la, la, la, la, la, yeah, yeah
Ah, oh, la, la, la, la, la, yeah, yeah
Hey, anyone can get paid, anyone can get saved
Everyday I still walk into the
Wild, the only thing I can see, the only real guarantee
Whenever I catch a knowing smile, yeah They're the ones make you trust in the universe
When I'm lost and I'm left and it's getting worse
They're the ones who I know will get me by We are all strange
And it ain't never, never, ever gonna change
We are all strange
And it ain't never, ever, never gonna change Ah, oh, la, la, la, la, la, yeah, yeah
Ah, oh, la, la, la, la, la, yeah, yeah
Ah, oh, la, la, la, la, la, yeah, yeah
Ah, oh, la, la, la, la, la, yeah, yeah
We are all strange
But it ain't never, ever, never gonna change
We are all strange
And it ain't never, never, ever gonna change
