

# Lydia's Black Lung

Alice Donut

I'm laid out  
Like a martyr on a redwood plaque.  
She's burning  
the ticks right off my back. I'm indulgent  
I like to cater to peculiar whims  
She's fascinated  
by my artificial limbs Asphyxiation  
Love's monstrous charm  
Asphyxiation  
A slow suicide  
My life's expended  
for my last cigarette  
Extreme unction  
and pulmo-cardiac arrest.  
Asphyxiation  
Love's monstrous charm  
Asphyxiation  
A slow suicide .and I smother myself. In Lydia's Black Lung  
Lydia's Iron Lung.  
Lydia's Black Lung.  
Lydia's Iron Lung.  
In Lydia's Black Lung  
Lydia's Iron Lung.  
Lydia's Black Lung.  
Lydia's Iron Lung.
