## The Deer Tracks

Sweetheart beauty  
Thought we had those  
Two hearts connected  
I was wrong i know Lover i pushed you to the edge  
And i waited  
But i'm still breathing Feel her big time  
At least i have hope  
At to my age together  
I was wrong i have known  
Lover i pushed to the edge  
And i waited  
But i'm still breathing  
Sweetheart beauty  
Thought we share green  
Two worlds embrancing  
What's wrong i have known Lover i pushed you to the edge  
And i waited  
But i'm still breathing
