

Lazarus

The Deer Tracks

Sweetheart beauty
Thought we had those
Two hearts connected
I was wrong i know Lover i pushed you to the edge
And i waited
But i'm still breathing Feel her big time
At least i have hope
At to my age together
I was wrong i have known
Lover i pushed to the edge
And i waited
But i'm still breathing
Sweetheart beauty
Thought we share green
Two worlds embrancing
What's wrong i have known Lover i pushed you to the edge
And i waited
But i'm still breathing
