Alone

Halsey

Said he tried to phone me But I never have time He said that I never listen But I don't even try I got a new place in Cali But I'm gone every night So I fill it with strangers So they keep on the lightShe said she told you she knows me But the face isn't right She asked if I recognized her And I told her I mightSee, everywhere I go I got a million different people tryna kick it But I'm still alone in my mind I know you're dying to meet me But I can just tell you this Baby, as soon as you meet me You'll wish that you never did (You'll wish that you never did)I stayed a night out in Paris Where they don't know my name And I got into some trouble With that drink in my veins I got a problem with parties 'Cause it's loud in my brain And I can never say "sorry" 'Cause I won't take the blameI know I always go missing And you're lying awake But if you ask why I'm distant Oh, I'm runnin' away You know that everywhere I go I got a million different people tryna kick it But I'm still alone in my mindI know you're dying to meet me But I can just tell you this Baby, as soon as you meet me You'll wish that you never did (You'll wish that you never did)I, I know you wanna I, I know you wanna I, I know you wanna Slip under my armor I, I know you wanna I, I know you wanna I, I know you wanna Slip under my armorSee, everywhere I go

I got a million different people tryna hit it But I'm still alone in my mindI know you're dying to meet me But I can just tell you this Baby, as soon as you meet me You'll wish that you never did (You'll wish that you never did) Yeah, yeah(I know you wanna) (I, I know you wanna) You'll wish that you never did (I know you wanna) (Slip under my armor) Oh (I know you wanna) (I, I know you wanna) You'll wish that you never did Song Discussions is protected by U.S. Patent 9401941.
