## Rihanna

De gal them rush to feel the ill touch  
Gal them ball and gal them a scream  
De think ita love but a lust,  
Thats why a bad gal beside is a must for I bust  
Shes the angel of me consious yo yo yoNever thought that I could feel somethin so strong  
I wanna hold on to this moment before its gone  
I wanna hold your body close its callin to me  
And when i look into your eyes Im likin what I see  
Boy dont hold back from me  
Just give me everything you got  
I wonder I can keep  
I know your gunna keep it hotI catch a rush boy whenever we touch i go crazy  
Im feelin you baby  
I dream like this boy whenever we kiss i cant take it  
U know i cant fake it  
Yo yo yo  
Well im back with the boys and i knowin dat  
Dont watch my face my gal you know im coming back  
Most of mea gal them slide off easy like a thunder clap  
When I see you from the back you know me need all a dat yo yo yoDont even know your name  
But this feels so right  
Its like i known you boy for all of my life  
Dont need to say a word  
We both understand  
And my eyes are tellin you  
Catch me if you can  
Im fallin faster now  
You know u got me where u want  
To late i cant slow down  
No way we're ever gunna stop  
I catch a rush boy whenever we touch i go crazy  
Im feelin you baby  
I dream like this boy whenever we kiss i cant take it  
U know i cant fake itno i cant take it

And come a little close so you feel what im bout hereNo i cant take it

Let me show you a thing dat a done ya careerIm fallin faster now  
You know u got me where u want

No way we're ever gunna stop I catch a rush boy whenever we touch i go crazy
