## Spit It Out

## **IAMX**

And if you're hurting
I will replace the noise with silence instead
Flushing out your headIf you like it violent
We can play rough and tumble
Fall into bed

And I won't breed for you can recoverWhen you're in pieces
Just follow the echo of my voice

It's okay

Tune into that frequencyDon't fight your reflex

Embrace the instinct

You can feel your way

Through the bed that we face in the end

'cause it breaks my heart

That we live this way

I know people need love

'cause them people never play the game

And we talk the talk

We communicate

The people need love

Those people never play the gamePleasure for pleasure

It eases consequence

And love for a fall

But I know you love to take a riskThe past is weakness

Don't beg the question when the answer is war

There are moments when I'm overcomed

'cause it breaks my heart

That we live this way

I know people need love

'cause them people never play the game

And we talk the talk

We communicate

Them people need love

Those people never play the gameAnd it breaks my heart

And it breaks my heart

I'm afraid to need love.
