## Dimmu Borgir

Forces of the northern light, assemble  
Forces of the northern night, call to arms  
Summoned by the secrets of sacrifice  
Dimmu Borgir Meeting destiny on the road  
We took to avoid it  
As we only compete with ourselves  
Left is that of a confident union  
Dimmu Borgir What bridge to cross  
And what bridge to burn  
Deceit is everywhere you turn  
We weed out the weak and their weep  
Dimmu Borgir  
Evolving compulsively  
Behaving inconsistently  
Yet the pulse is pounding  
Restoration is the name  
For those who are left in the game  
Invocation in the name of our flame  
Dimmu Borgir  
The deviants seek but one place  
Dimmu Borgir  
Forward onward march  
Forgive, we shall not  
Forget, we shall not  
With trickery and treat  
Enemies will face defeat  
No place for dreamers  
As our formation is lava  
Fire is with or against you  
And so it burns, so it burns  
Constant retribution calling  
From the shadows of three consecutive sixes  
Merging with the cold dark vacuum  
Talent is worthless unless exercised  
When the world is turning  
You'll find your true nature  
When the first is last and the last is first  
You'll be where you choose to be  
You'll be where you choose to be  
Forgive, we shall not  
Forget, we shall not  
Fire is with or against you  
And so it burns
