Remy Ma

Oye rrraaa
Yo vamo' hacerlo

Vamo' hacerlo I'm a one bitch army
Y'all could hardly call me
So imagine when I team up with the Puerto rican Barbie
It's gon' be armed see
I'm so from the Bronx be
And all I really wanna see
Is blood on the concrete
Body's in bags and
Flowers on caskets
Corpses' swarmin'
With flies and maggots
Innocent girls and boys
Turn into bassets
I want bitches to die
Deaths that are tragic
And niggaz fucked in they ass
Turn into faggots
Their balls cut off
And mailed to they parent
See I don't give a fuck
I'm a mothafuckin' savage
Now ya'll tell me
What bitch is the baddest
Miss Remy con la queen
You need fire
Tu sabes fuego esta aqui
Vete pal carajo
Nigga far from me
No es dificil pa' ver
It ain't hard to see
A four clip in the extra
Yo soy la mierda tate quieta
This bitch got a bad temper
Respeta puta no pueda joder con nosotras
Un mierda!
CMPR niggaz meant to
The Bronx is where they went to
Ima show ya'll mother fuckaz how to rhyme bilingual Que llego la diva la caballota
Si preguntas en la calle soy la que te explota CMPR niggaz meant to

The Bronx is where they went to
Ima show ya'll mother fuckaz how to rhyme bilingual Tu no querías mas aqui que me tienes
Dale dale ahora ahora nene
The girl is not to be fucked with
See I don't give a fuck
There's not a pussy on this planet that can't be fucked
Bitches don't exist to me
They all cum faced sluts
How much room in your mouth for my name with all that dick you suck
And your husband's a homo
He loves to get stuck
Like dildo's and vibrators shoved in his butt
We ran trizz on his lips
And made him dress up
And I got it on tape
We straight fuckin' raped him
Don't get it confused
See I hate male groupies
Pero he's willin'
Then I'm ready to take the opportunity
My bitches is the illest
So really we don't gotta care
Vete pa la mierda
Nigga get the fuck out of here
Yo no juego
Nigga I don't play
What I'm capable of
I don't know
Yo no se
Remy ma
I keeps the gun cocked in the auto
Miss ivy queen please canta laMs. Remy con la Queen
Ahora nos vamo' a fuego
Este es mi estreno duro como un trueno
Cocoroca
La isla del encanto
Volando en canto
Y sacarle con su llanto
A sangre fria
Mis quilas tienen crias
Jodedora por si tu no lo sabias
QUEEN llega
A escena
Dan pena
Con las locas que van nebuleando
Yo soy de la calle si me estas buscando
Ando con par de locos pa verte brincando
So no te ajores, no te desesperes mere
Yo tengo el control con las mujeres

Muchas me odian otras me quieren
Vendo mis discos
Y tengo mis bienes
Rrraaa
